The 100 BEST *Fall Shows*

WHAT FOLLOWS IS A LIST of fall gallery shows worldwide that we feel should not be missed. Making it onto the list was not easy; our selection was culled from hundreds of upcoming exhibitions. But we add the caveat that we could only choose from those that had been scheduled by our midsummer press deadline. That said, we're sure these will delight you and keep you busy.

"These objects lie at the intersection of the interior and the exterior of our natural environment. Like a bird nest or bear den, a home is an expression of our ability to fashion what is outside, reordered to become inside."

“With these new pieces I am just continuing the idea I have been working with for a while, which is how to get the look and feel (energy, spontaneity) of my drawings to translate into large-scale canvases. Making bigger marks and having more confidence seem to be the key. Let’s see what happens!” **—EDDIE MARTINEZ**
